

***Stop reacting to incidents and injuries  
Start preventing them with RisQ Solutions***

**HS-RisQ Assessor by RisQ Solutions takes the complexity and subjectivity out of the risk assessment process.**

- ◆ The most user-friendly and powerful risk assessment system available.
- ◆ The only tool that is pre-populated with the latest, most effective methods to control your risks.
- ◆ Compares H&S risks across multiple sites and prioritizes risk-reduction needs.
- ◆ Uses Patent Pending methodology to remove subjectivity and provide you with accurate, repeatable results.

- ◆ Web-based application with dashboards allows you to continuously monitor site or company performance.
- ◆ Easy setup and configuration. Start using and getting results immediately.

**Start measuring the presence of safety instead of the absence of injuries!**

**There will always be Top Risks!  
*What are yours?***
